NOTICE OF PUBLIC INFORMATION MEETING

South Street and Gaspar Street Utility and Street Reconstruction Project

All interested persons are hereby notified that the City of Waukesha will hold an open-house style information meeting to discuss the reconstruction of South Street and Gaspar Street.

The meeting will be held on **Wednesday, January 17th at the City of Waukesha City Hall Randall Room, Room 207, 201 Delafield Street, Waukesha, WI, from 5:00 to 6:00 p.m. You must enter through the lower level glass doors.** You may attend anytime during these hours. A short presentation will be held at 5:15 p.m.

As funded in the 2018 CIP budget, it is planned to reconstruct South Street from N. Grand Ave. to NW Barstow St. and Gaspar Street from South St. to W. Main St. in 2018. The meeting is to present the improvements, traffic control and schedule, and to receive input on the project. Persons with a concern for or knowledge of drainage problems, basements that extend under the sidewalk or environmental issues such as underground storage tanks are encouraged to attend this meeting and provide information to the Engineer. Exhibits will be on display showing the proposed layout.

The project will include installation of new water main, relay and lining of the sanitary sewer main and laterals, storm sewer rehabilitation, roadway reconstruction, pedestrian ramp reconstruction, sidewalk replacement and installation of a wider stone paver terrace. Some existing trees within the terrace will be removed as a part of the project and new street trees will be planted.

Construction is scheduled to begin in March 2018. Construction for this project will close South Street and Gaspar Street to through traffic. Adjacent property owners will not be assessed for the improvement costs.

Representatives from the City of Waukesha Public Works Department, and the Waukesha Water Utility will be available to address concerns and answer questions. Public input is encouraged.

If you have any questions or would like additional information, please contact Mr. Brandon Schwenn, P.E., at (262) 524-3585 or bschwenn@waukesha-wi.gov.
