Reusable is Key

Did you know? Trash disposal in our City is highest in the summer. Think of all the graduation parties, weddings,

BBQ cook outs, festivals, etc. where tons of waste is disposed. Using less disposable products and more reusable products is the key when it comes to summer cook outs, parties, and gifting!

Keep in mind, not only is recycling good for the environment, it's good for the City! The City pays fees for garbage disposal but gets money back for recycling.
