Snow Season

It's officially feeling like winter. Please remember these tips for a safe season:

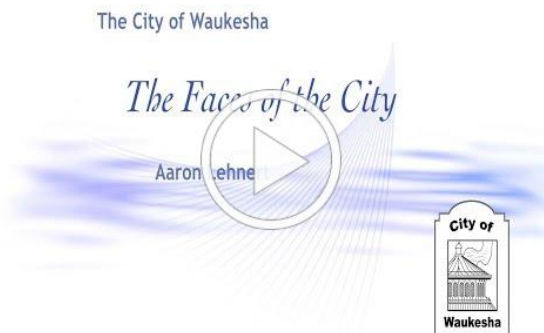

- **Slow Down.** Drive slow, use caution, and leave plenty of

space between you and other drivers.

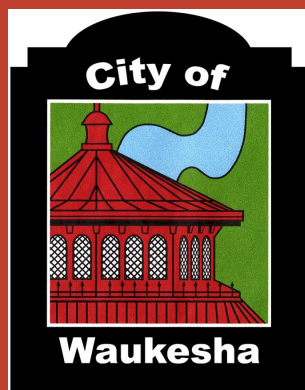

- **Give them Room.** If you see plows out on the road, give them plenty of space. They make frequent stops, starts, and turns.
- **Be Reflective.** It's dark outside a lot this time of year. When out walking or exercising in the dark, wear reflective clothing.
- **Don't Throw Snow.** When you are removing snow from your property, it must be kept off the roadway.
- **Be Patient.** During a storm, crews will be out working. They start with main streets, hills, intersections, bus routes, railroad crossings and school areas. Once those are cleaned, they move on to flat streets, cul-de-sacs and alleyways. They will get to all areas. Please be patient.
