## Deck the Halls- Carefully

It's fun to decorate for the holidays, but holiday decorations can increase your risk for a home fire. As you deck the halls this season, be fire smart.

- Inspect holiday lights before you put them up. Throw away light strands with frayed or pinched wires
- Water your live Christmas tree every day.
- Consider using battery-operated flameless candles
- If using lit candles, make sure they are in stable holders and place them where they cannot be knocked down easily.

There are no changes to the bi-weekly schedule. However, we know that many like to have the calendar posted to help them remember their recycling dates throughout the year.
