

WHAT'S UP IN WAUKESHA

Newsletter from the City of Waukesha

Monday, December 2nd

On Monday, December 2 the City experienced terrifying events involving both Waukesha South and Waukesha North High Schools. Throughout the day, our police and fire personnel responded admirably and thanks to their quick actions kept the children of our community safe.

In these instances, our strong partnerships with the School District of Waukesha worked, and we are very proud of the students who took proactive action, the staff of the respective schools, and of the emergency personnel who responded so heroically.

The City of Waukesha's Mission Statement is *"We are dedicated to enhancing the community's quality of life through efficient, effective and responsive government."* We believe that means making sure that we have great people, equipped with the right resources, ready to respond when needed. We try very hard to make sure that happens here at the City and will continue to do so. We appreciate our community who support our personnel and the City's mission. We believe the actions of our employees on Monday truly embody this mission.
