MESSAGE FROM THE CHIEF

As we enter a new year, I am grateful for the support the fire department received in 2019 from the community, elected officials, and other city departments contributing to our ability to provide exceptional fire and emergency medical services throughout the community. We have been provided with the resources needed to maintain and staff 5 fire stations that can respond to any location in the City within 7 minutes of receiving a 911 emergency call. In 2020, the department continues to focus on our mission to "...safely protect the lives and property of our community". The department is extremely fortunate to have great facilities and equipment to achieve our mission. However, our resources would be of little value if it weren't for the highly skilled, compassionate, courageous, and (cont. on page 3)

can respond to any location in the City within 7 minutes of receiving a 911 emergency call.

Learn more about what's ahead for the Fire Department in 2020 in their quarterly newsletter.

Job Opportunities

January is

NATIONAL RADON ACTION MONTH

RADON: TEST, FIX, SAVE A LIFE.

Radon Action Month

Radon is a cancer-causing, radioactive gas that you can't see, smell or taste. As naturally occurring radioactive materials break down in the soil, radon gas is emitted as a by-product and can collect in the basement or lower level rooms of your house.

Unsure if your home has radon gas? Pick up a test kit.

Radon Information & Test Kits

Tree Collection

Christmas trees will be collected at the curb

in January. Trees must be free of lighting, decorations and other objects. Trees should not be in bags, twine or netting.

No artificial trees will be collected as these items may be put in the regular trash.

During the month of January, you are also welcome to bring trees to the Drop-Off Center for free.
