For Immediate Release

City Building Closures in Response to Coronavirus Disease (COVID-19)

In an attempt to limit the spread of COVID-19 the City of Waukesha is limiting public access to City buildings. The Waukesha Public Library and Water Utility are already closed. The following additional buildings will be closed to the public: City Hall; City Hall Annex; Parks, Recreation and Forestry; Fire Department; Police Department (lobby); Clean Water Plant; Transit; Prairie Home Cemetery (offices/chapel).

At this time, City Staff will still be present at all of these facilities during regular business hours in order to assist citizens with any questions, requests, or payments via phone or email. Resident can complete most City business online: <https://waukesha-wi.gov/>

The only exceptions to this will be public access for voting in City Hall when needed (all residents are encouraged to vote absentee by mail- <https://myvote.wi.gov/en-us/>). In addition, building permits will be accepted by appointment with the Community Development Department (262-524-3750).

The Fire Department and Police Department will operate as they always do, but the administrative offices and lobby will be closed to the public.

The Transit lobby is closed to the public. The buses continue to operate as normal at this time.

The City's website (<https://waukesha-wi.gov/1893/Coronavirus-COVID-19>) and social media pages will be updated if there are any additional changes.

We want to thank you all for your patience and understanding during these uncertain times. Our community's safety is our number one concern, and we all should be vigilant in doing our part to help slow the spread of this virus.

END
