BASIC INFORMATION AND RESIDENCY REQUIREMENTS

The Drop-Off Center is primarily for **City of Waukesha residents – it is NOT the “county dump”**. ONLY City of Waukesha residents may utilize the site for disposal of accepted Yard Materials and Landfill Trash. And, these items MUST be from within the City of Waukesha. Any Waukesha County resident may dispose of accepted Recyclables, only.

At the entrance booth, all residents must show a Driver’s License or similar picture ID showing residency. If a Driver’s License does not show *current* residency within the City of Waukesha, residents must provide additional proof of residency such as a property tax bill or utility bill. All IDs and other forms of identification must be current.

Landlords or other residential property owners who do not reside within the City of Waukesha and wish to bring materials from their City of Waukesha property MUST CALL AHEAD to the city engineering office to be verified and given permission to use the Drop-Off Center. After gaining permission, the property owner should still bring identification and proof of ownership of their City of Waukesha property when arriving to the center.
